**Preamble**

The American Sign Language (ASL) service is an interpreting program designed to enhance communications between the deaf community and with Yukon government (YG) departments, health-related services, business community, and other organizations.

**Political Activities:** ASL interpreting services cannot be provided for individual candidate events (Federal, Territorial, Municipal, or First Nations). The Yukon government is required to remain politically neutral at all times. The Public Service Act, Conflict of Interest Policy, and Association of Visual Language Interpreters of Canada ensures that any business conducted on behalf of the Yukon government remains free of actual or perceived conflict of interest.
